**MATHEMATICS ASSESSMENT TEST (MAT) FOR ELEMENTARY
 AND SECONDARY MATHEMATICS TEACHERS**

1. The K-to-12 Basic Education Curriculum aims to introduce programs and projects that expand and improve the delivery of basic education, which includes Mathematics education. Thus, to facilitate the attainment of this aim, the Department of Education (DepEd) is mandated to ensure that teachers possess forms of content knowledge that go beyond basic content proficiency to be effective in the classroom.
2. In connection with this, the DepEd-CAR, through the Curriculum and Learning Management Division (CLMD) needs to assess the Mathematics content knowledge of elementary and secondary Mathematics teachers.
3. The Mathematics Assessment Test (MAT) results shall be utilized to: identify professional development needs of teachers; help provide information to improve instructional practices; and formulate evidence-based policies, plans and intervention programs that deepen teachers' knowledge of academic content or broaden their understanding of instructional techniques.
4. To facilitate the development of the Mathematics Assessment Test (MAT), the following activities shall be conducted:
